

PRINCIPAL'S SERIES: THINKING AT THE EDGE OF REASON: INTERDISCIPLINARITY IN ACTION

Talks in this series, which is hosted by the Principal of Green College, are designed to be accessible to as wide an audience as possible and to showcase work by UBC and visiting researchers that ventures beyond the normal limits of disciplinary consensus. Lectures in this year's Principal's Series are on selected Tuesdays during the main academic session, and are followed by a reception. On other Tuesdays at 5 p.m. the College is host to the ISGP series: "In the Beginning and at the Very End: What We Can Learn about Birth and Death from Cells to Stars and Everything in Between."

ALL EVENTS ARE AT THE GREEN COLLEGE COACH HOUSE (UNLESS OTHERWISE INDICATED),
AND OPEN TO THE PUBLIC WITHOUT CHARGE
