

*The University of British Columbia Chapter of
Women in World Neuroscience*

Cordially Invites You to Attend a Symposium on

*Secrets of the Female Mind:
Understanding Women's Brain and Behaviour over a Lifetime*

With Opening Remarks from

The Honourable Kevin Falcon, Minister of Health Services

Speakers

Three distinguished UBC faculty, Drs. Liisa Galea, Pam Arstikaitis and Teresa Liu-Ambrose, will share their expertise on the effects of hormones and exercise on memory and decision-making, and how advances in neuroscience can help you feel younger and age more gracefully.

Hosted by

Dr. Gavin Stuart, FRCSC, Vice Provost Health and Dean, Faculty of Medicine

Thursday June 24th, 2010, 2:00 - 4:00 pm

Brain Research Centre, 1st Flr, UBC Hospital, Koerner Pavilion, 2211 Wesbrook Mall, Vancouver, BC

Refreshments provided.

Please RSVP by Friday June 18th, 2010 to: Laura Ralph, Faculty of Medicine, T: 604.827.3699 or E: rsvp.fom@ubc.ca
